CRACKING PRIVATE CHRISTMAS PARTIES

THE PLACE TO HAVE YOUR CHRISTMAS PARTY

Here at Jagz we specialize in making your Christmas party a night to remember and can cater for all events. In the past we have organised functions for BMI, BMC Software and EA Games among others.

The venue consists of separate areas which are available to hire:

The Jazz Club

which can be used for many different occasions. The room can seat up to 90 people for a sit down meal or can accommodate up to 160 if you would like just drinking or a buffet. This area is available for hire Monday – Friday 9am-5pm and Sunday to Wednesday 7pm-12am. As mentioned we can offer a full sit down meal or buffet depending on your taste. For an evening celebration we can organise great bands from our 15 years of bookings, captivating entertainers or some superb DJs.

The Underground Nightclub is a 200 capacity club where you can have an exciting evening if a meal and band are not your thing. This is a very popular choice for our younger patrons and is available for hire Sunday – Wednesday 8pm – 1am. We can arrange the DJ and security for your Christmas party to make sure it is an evening to remember.

The Nightclub and Jazz Club can be combined for a truly unforgettable evening.

The Bistro is a small intimate room which can seat up to 20 people in a small comfortable area or up to 40 people standing. Ideal for smaller meetings, lunchtime gatherings and smaller birthday celebrations. This area is available for hire 7 days a week.
